UGR ≤ 19
CRI ≥ 80/90
LED 140 lm/W
Questo dispositivo è munito di lampade a LED integrate
120°

Polaris-I CCT LED is an ultra-thin ceiling recessed downlight. The anti-reflection screen allows you to install it even in workplaces with video terminals. Using the integrated microswitch on the back of the driver, you can select the white color temperature in 3 options: 3000K, 4000K and 5000K.
Ideal for lighting applications in shops, corridors, clinics, offices and home environments.
